Demonstration School

ESY program, Summer 2026

Extended School Year, or ESY, is an extension of special education services provided to students with Individualized Education Plans (IEPs) during the summer who have met specific criteria based on data collection and progress monitoring over the school year, inclusive of recoupment after holidays and multi-day breaks from school. ESY is discussed during scheduled IEP meetings.

The IEP team takes into consideration the following areas when determining if a student meets the criteria for ESY:

- Criterion 1: Impact of Break in Service on Critical Skills
- Criterion 2: Degree of Regression of Critical Skill
- Criterion 3: Time Required for Recoupment of Critical Skills

ITDS's ESY program in summer 2026 will take place 9:00am to 2:00pm, Monday-Friday, July 13-24, 2026.

If your student with an IEP has been determined eligible for ESY for summer 2026, ITDS staff will be in contact with you to discuss additional information for your student. If you have any questions or would like to discuss your student's ESY eligibility further please reach out to Donica Tate (donica.tate@inspiredteachingschool.org).
